

SCHOLARSHIPS IN OCEAN GOVERNANCE FOR CARIBBEAN NATIONALS

**STRENGTHENING PRINCIPLED OCEAN GOVERNANCE NETWORKS:
TRANSFERRING LESSONS FROM THE CARIBBEAN TO
THE WIDER OCEAN GOVERNANCE COMMUNITY**

PROGOVNET

PROGOVNET is a two-year project (2008-2010), funded by the Nippon Foundation in collaboration with Dalhousie University (Marine Affairs Program and the Marine & Environmental Law Institute), the International Ocean Institute – Canada and the University of the West Indies (Centre for Resource Management and Environmental Studies and the Caribbean Law Institute Centre).

The **Marine & Environmental Law Institute** at Dalhousie Law School, a PROGOVNET partner, is offering a one-year Nippon Foundation-sponsored Masters level graduate scholarship in research focusing on *principled ocean governance topics of special concern to the Caribbean*. Middle managers actively engaged in resource management issues would be ideal candidates for this program.

Each year, one LL.M. student will be supported for this scholarship. Due to the timing for academic programs at Dalhousie University the student will be recruited to the project with a start date of September 2008. Selection criteria would fall into two categories: **academic excellence and relevance to program goals**.

Academic excellence would be assessed on the basis of academic performance, letters of reference and publications (if any). All potential students must meet the requirements for admittance to graduate studies.

The Graduate Studies Committee of Dalhousie Law School will review submitted applications and establish a priority list based on academic excellence and relevance to the program goals. These criteria would ensure that student activities, especially research interests, would address governance issues and complement the longer term goals of the Strengthening Principled Ocean Governance Networks.

Deadline to submit application: no later than May 15, 2008
